

## WallFile: The System to Manage Large Format Documents

The WallFile™ Portfolio System is an ingenious organization tool for all your large documents. Organize bulky items, such as charts, diagrams, maps, posters, banners, illustrations, and more... simply and effectively.

Keep up to 100 classroom posters, charts, graphs, maps, or any large format document at your fingertips with this sturdy metal hanging file system.

WallFile lets you easily snap items into place, effortlessly hang your large displays, and quickly browse through your collection. Simply affix the patented SnapTab™ to the item; then snap the item onto the L-Rack™ to hang freely.

### Benefits of the System

- Compact storage saves space.
- Easy access to individual documents saves time.
- Easy to transport
- Modular design – tailor to your needs.
- Sturdy metal construction
- Inexpensive

### Award Winning Design

The system has already been recognized with two awards: Teachers Choice Award 2002, from Learning Magazine and Teacher Tested Tools 2001, from Creative Classroom.

Feedback from individuals using this system ranges from enthusiastic endorsement to outright amazement.

"I've hung my rack on the side of a closet and it's perfect for my needs. Compact - easy access! Where was this thing at the beginning of my career!?"

*(Rebecca Lim, Teacher 4th & 5th grades, Nimitz School, Cupertino, CA)*

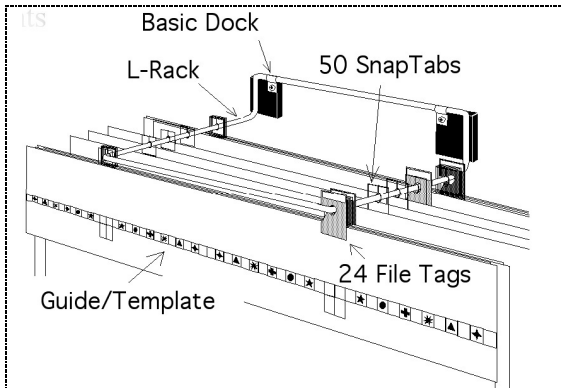

### Satisfaction Guaranteed!

Your satisfaction is our goal. If our product doesn't meet your needs or you are unsatisfied in any way, please call us to see if we can help adapt it to meet your needs. Or you can return it for a full refund, including shipping.

## WallFile™ Starter Kit Options

Each Starter Kit option includes 1 Docking Station, 1 L-Rack™, 50 SnapTabs™ (enough for 25 documents of average weight), Guide/Template, and File Tags & Labels.

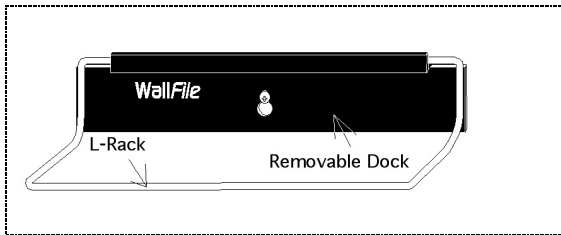

### The Starter Kit

Everything you need to get started.

Includes:

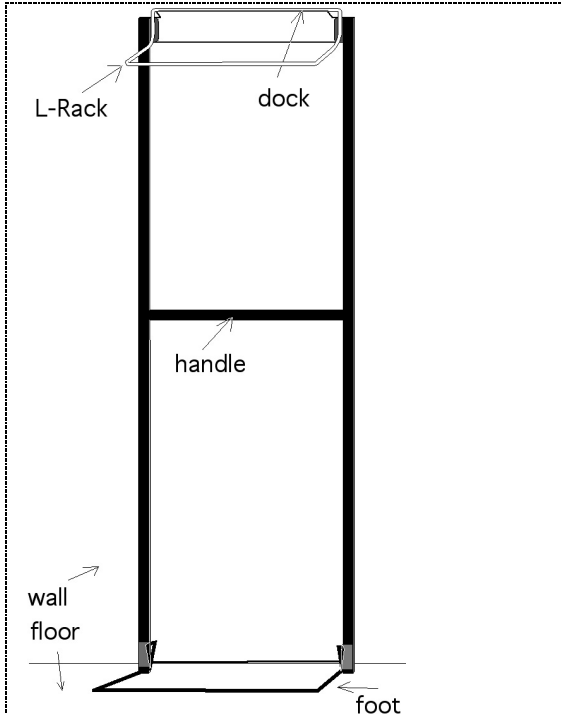

- 1 Basic Docking Station
- 1 L-Rack™
- 50 SnapTabs™
- Guide/Template
- File Tags & Labels.

### Starter Kit with Removable Docking Station

The Removable Docking Station quickly mounts on single screws installed at multiple sites, wherever you might want to have it temporarily located.

Great for use in different rooms at school or office.

### Starter Kit with WallStand

The Starter Kit with WallStand is the most versatile way to get started.

The WallStand leans on any vertical support, such as walls, shelves or tables.

You'll find it's ideal for on-the-spot use at any location.

No permanent installation required.

## Maximum Flexibility

The WallFile Portfolio system can be adapted for any use. Whether you're outfitting a single classroom or an entire office building, there's a WallFile solution. If our Kit Options don't meet your needs, choose from the components listed below to tailor your own system.

## WallFile™ Docking Stations

The Docking Station is a bracket to hold your L-Rack. All Docking Station designs allow you to mount and remove your materials quickly and easily.

3 docking station designs are available: a permanently installed Basic Docking station, an easy-to-change-location Removable Docking station, and a no-installation-required WallStand.

### Basic Docking Station (Hook & Pad)

Convenience at an affordable price. So economical, you can place several at different locations. Permanent mount design is ideal for a central storage location in classrooms or offices.

### Removable Docking Station

Added convenience and versatility. This docking station can have several mounting locations. Quickly mounts on single screws installed at multiple sites, wherever you might want to have it temporarily located. Easily change the docking station location to adapt to changing needs, within a single room, or to different rooms at school or office.

### WallStand

The most versatile docking station. This 4 ft. black enamel metal frame simply leans on any vertical support such as walls, shelves or tables. Ideal for taking to any location for on-the-spot use. No permanent installation required.

## WallFile™ Individual Components

### L-Rack

Attach the L-Rack to docking stations to build your WallFile organization system. Heavy gauge metal construction provides maximum strength and flexibility for hanging large documents. Keep additional L-Racks on hand for quick expansion and maximum portability. Designed to fit all docking stations.

### SnapTabs

Special self-adhering fasteners made of clear, flexible plastic. Simply peel, attach to your item, and hang. SnapTab's unique slit enables you to easily attach or remove items from any point along a rod-full of items.

### Template/Guide

Allows for the easy, accurate attachment of the SnapTabs. Use it to position and center large items perfectly. A very handy tool. 6"x27"

### File Tags and Labels

Use these handy dividers to label and categorize your materials. Available in assorted colors with adhesive labels.

Choose from index card-based or durable vinyl.

### SnapUp Holder

An optional plug that locks the L-Rack vertically in the storage position. For use with the Removable Dock or Basic Hook & Pad Dock.
